Dependencies and requirements for this software update (this info is accessible through pressing: MENU-STATUS->VERSION INFO):

After the software download is

complete, you must unplug the AC

power cord from the unit. The

update is now complete.

Release Notes: The software update will provide functionality/ usability improvements to the features and capabilities of this model. These are as follows:

- added new 'PlayLink' feature via CAN-Bus.
- added AC line events to CAN-Bus event log.
- added Relative volume display.

- This software release is a stage in the CAN Bus launch process. Details relating to the official CAN-Bus launch will shortly be posted on the Classe website www.classeaudio.com. CAN-Bus will not be fully operational before this point.
