Release Notes: The software update will provide functionality/ usability improvements to the features and capabilities of this model. These are as follows:

- added commands to support high and low trigger logic.
- new support for button acceleration when press/hold scrolling. Now much faster.
- updated German translation, now complete.
- added new "empty playlist" command.
- added a "clear" command to restore disc Table of Contents. Now available as an F-key and IR command.
- Improvements have been made to disc reading time and the ability to read problem discs.
